

The digital Helen Keller Archive

How-to's

How do I Browse the Archive?

Top ways to browse: **By Series** and **By Subject**

- Browsing by **Series** allows you to explore the digital archive by type of material, the same way the physical archive is organized.
- Browsing by **Subject** allows you to explore the archive by subject area or topic.
- Browsing by **Tags** allows you to explore the archive using tags that archivists and volunteers have chosen. We'll talk about this in a separate how-to.

Browse by Series

1. Click the **Browse** drop-down menu and click **Browse by Series**.

2. Click the **Series** you want to explore.

- The Series content displays. For example, the General Correspondence Series is organized into **Sub Series**, **Boxes**, and **Folders**.
- Click the **Sub Series**, box, or folder to open the next level of the archive, until you reach the item level.
- Select the item that interests you.
